

Etch Pendant 50cm Brass

Much-needed addition to our Etch collection, now available in 50cm. Inspired by the logic of pure mathematics, geodesic structures are made of digitally etched metal sheets. Etch Pendant has a detailed pattern which casts a mass of intricate shadows when lit. Could be hung in multiples using our Pendant System or as a single pendant, above a dining table for example. Also available in copper, stainless steel and black.

Process	Precision digitally etched from precious polished brass sheet.		
Year of Design	2015
